**Detailed Action**  
Election and Restriction

1. Restriction to one of the following inventions is required under

35 U.S.C. 121:

- I. Claims 1-7, drawn to a lifting apparatus, classified in Class 296, Subclass 76.
- II. Claims 8-15, drawn to a system, classified in Class 296, Subclass 100.1.
- III. Claims 16-19, drawn to a system, classified in Class 296, Subclass 100.08.

2. The inventions are distinct each from the other because of the following reasons: Inventions III, II and I are related as combination and subcombination. Inventions in this relationship are distinct if it can be shown that (1) the combination as claimed does not require the particulars of the subcombination as claimed for patentability, and (2) that the subcombination has utility by itself or in other combinations (MPEP § 806.05(c)). In the instant case, the combination I as claimed does not require the particulars of an actuator of subcombination II, a

deck lid of subcombination III. The subcombination has a utility in other combinations such as a gas tank door and a glove compartment respectively.

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

4. A telephone call was made for the Attorney/Agent responsible for this application to request an oral election to the above restriction requirement, but did not result in an election being made.

5. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement is traversed (37 CFR 1.143).

6. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if

one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventor ship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(I).

7. Any inquiry concerning this communication or earlier communications should be directed to Primary Examiner Kiran B. Patel whose telephone number is 703-305-0254. The examiner can normally be reached on M-F from 8:00 to 5:00. The fax phone number for the organization where this application or proceeding is assigned is (703) 872-9306.
